Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The Examiner clarified certain positions taken in the Final office action. Applicant's representative argued that the proposed combination of Shub and Kadaba was improper. The Examiner indicated that the references would have to be reconsidered if such an argument were formally presented. The Examiner also indicated that claim language indicating that the generated package code and retrieved address were simultaneously sent in a single transmission to the shipper would appear to distinguish over the applied prior art.
